President's Appeal 2011

Dear Colleague

I am writing in this, our Anniversary year, to invite you to celebrate with us 175 years of the provision of help to doctors and their families at times of serious need.

We know that this, our traditional role, is respected and valued by the profession, especially for the integrity and compassion with which our staff administer our funds.

Despite our great age however, we are neither backward looking nor complacent, and are developing a raft of new initiatives. The most exciting and topical of these is our proposal to extend our help to medical students who find themselves in exceptional and unexpected financial hardship where this would jeopardise their chances of completing their course to the point of qualification.

Of course this requires us to raise more money to combine both our established and our new services to the profession. I noted in last year's appeal that there are around 220,000 doctors on the medical register. If each of these were to celebrate our 175th Anniversary by a donation of £100 we would be able to extend our services to all the eligible, often tragic, applications that we receive.

Please consider giving us a special donation this year or supporting us as a regular donor and I ask you to be as generous as possible.

With every good wish for 2011-2012

Dame Deirdre Hine DBE FFPH FRCP
President
