MAIN DUTIES and RESPONSIBILITIES

Operations

- To operationally support the SHS practices to provide safe and effective care. This might occasionally necessitate providing clinical sessions in an SHS practice in an emergency.
- To participate in the duty clinical lead rota, providing day to day clinical advice to clinicians in the SHS practices.
- To manage clinical queries escalated by the duty clinical lead, and escalate these to the Medical Director where appropriate.
- To provide advice and support to practice safeguarding leads.
- To manage clinical conflict within the SHS practices where this is escalated through lack of resolution.

Leadership

- To communicate and promote the values, objectives and strategy of SHS and ensure that clinical activity in the SHS practices is aligned to this.
- To work closely with the Medical Director and Head of Nursing and Quality on delivering clinical leadership across SHS and ensuring that SHS is Clinically Led, in line with the SHS Vision.
- To lead on the successful implementation of the agreed multi-disciplinary workforce model in the SHS practices.
- To lead and support Clinical Leads and GPs to deliver organisational objectives.
- To support the Education Lead in developing SHS as a Post-graduate training organisation, implementing a mentoring system for newly employed clinicians, and developing further educational initiatives in SHS.
- To support the Research Lead in developing SHS as a research active organisation.
- To support the Head of Nursing and Quality in implementing a system of mutual support for each group of clinical professionals working in SHS.
- To support the Medical Director and Managing Director in developing SHS strategically.

Quality Improvement and Clinical Innovation

- To support the Medical Director and Head of Nursing and Quality in developing a culture where Quality Improvement and Clinical Innovation has the highest priority.
- To Chair the SHS Governance & Quality Committee.
- To develop and implement a robust internal appraisal system for SHS clinicians.
- To ensure that advice and actions cascaded to SHS practices through patient safety initiatives are properly executed.
- To ensure that all SHS Policies and Procedures are adhered to and make recommendations on their amendment where necessary.
- To work with the Education Lead and the Head of Nursing and Quality in designing and delivering a robust programme of Continuous Professional Development appropriate to the needs of all employed clinical staff and, where appropriate, Independent Contractors.
- To ensure that both Independent Contractors and directly employed staff are compliant with clinical governance requirements appropriate to their role.
- To ensure that clinical teams are aware of and compliant with NICE guidance and other appropriate and relevant local and national clinical policy and guidance.
- To lead on the development and implementation of clinical innovation in SHS, supported by the Medical Director.

Governance

- To support the SHS Management Team in ensuring that systems for corporate governance and application of SHS's assurance framework are in place and adhered to.
- To monitor performance of clinicians against SHS Clinical Standards and initiate appropriate action to ensure these standards are achieved and maintained.
- To support the Medical Director and Head of Nursing and Quality in managing concerns in relation to employed and contractor clinical professionals whose performance gives cause for concern, in accordance with agreed protocols and prescribed regulations.
- To be an active member of the SHS Board with the potential for this to become a voting member in the future.

Business and Financial Management

- To promote and secure value for money, ensuring that SHS services operate in an efficient manner.
- To operate within SHS's Standing Orders, standing Financial Instructions and Scheme of Delegation.

People

- To adhere to all SHS OD & Workforce policies and procedures, ensuring compliance with employment legislation and regulation at all times.
- To support the operation of effective communication systems resulting in all staff being aware of the important issues facing the organisation.
- To ensure all staff including clinical staff have an annual appraisal and have development needs identified in a personal development plan.
- To ensure that there is a robust system of support and mentoring for SHS clinicians.

TERMS and CONDITIONS

- Sufficient time will be allocated in the job plan for the performance of the Clinical Director role, to be negotiated and regularly reviewed.
- It is anticipated that the Clinical Director management role will require four sessions per week.
- In addition, the successful candidate will work sessions providing Direct Clinical Care (flexible by agreement but a minimum of 2 sessions per week).
- Flexibility will be required of the successful applicant in relation to the mix of clinical and Clinical Director sessions worked during the course of the appointment.
- One additional session per month will be reserved for personal and professional development of the Clinical Director role.
- A management supplement will be paid annually in addition to the salary of the post holder's substantive/main employment, subject to achievement of targets and Key Performance Indicators (KPIs) agreed with the Managing Director and Medical Director.
- The appointment will be for a fixed term of five years, renewable by mutual agreement.
