

Following the revised approach to QOF for 2020/21 to reflect the impact of COVID-19, we are now running overview webinars to summarise the changes and expectations of practices for the remainder of 2020/21.

WEBINAR 1 - QOF

- Changes to funding - £ per point
- Prevalence & register maintenance
- QOF Indicators - retained/changed, prescribing
- New indicators - HF, asthma, COPD, non-diabetic hyperglycaemia
- Income protected indicators
- QI domain - early cancer diagnosis, learning disabilities
- Hints & Tips and Best Practice
- Q & A's

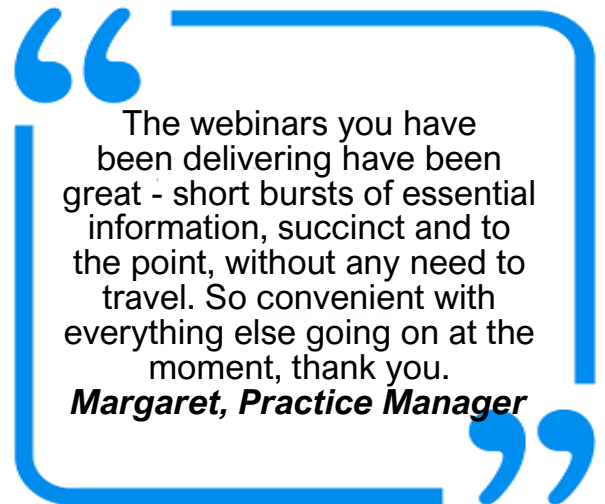

WEBINAR 2 - ENHANCED SERVICES

- Changes to vaccinations & immunisations - seasonal flu
- Network Contract DES -
 - Structured Med Reviews
 - Enhanced Health in Care Homes
 - Early Cancer Diagnosis
 - Investment & Impact Fund (IIF)
 - Additional funding
- Hints & Tips and Best Practice
- Q & A's

Locality-based private webinars -

We can run webinars for you and your local practices - ideal for CCG's, federations or localities who want to run/fund webinars centrally -

Only £500 + VAT per webinar (£20 per head) for up to maximum 30 logins

The webinars you have been delivering have been great - short bursts of essential information, succinct and to the point, without any need to travel. So convenient with everything else going on at the moment, thank you.

Margaret, Practice Manager

Content is flexible and will be based on the latest information & guidance available at the time of delivery

Agenda's mainly apply to off-the-shelf seminars - on-site training is completely bespoke so all topics are tailored to meet the needs of the practice. For further information on dates & costs or any queries you may have, please contact us.
