

Coalition or Competition: General Practice in a 24/7 Society

Presented By Somerset LMC

Taunton Racecourse Thursday 14th May 2015

By the time of this meeting the election will be over.... but will anything change for the NHS? What is NHS England's over-arching primary care commissioning strategy? Where does the GPC think General Practice is going? How do we configure to make practice rewarding and sustainable? And what does the LMC's favourite pundit, Roy Lilley, think we should be doing? For some answers, and probably more questions, come to the 2015 LMC Study Day.

Confirmed Speakers

Roy Lilley, NHS Writer & Broadcaster
Dr David Geddes, Head of Primary Care Commissioning, NHS England
Dr Richard Vautrey, Deputy Chair, GPC
Sarab Basi, Managing Director, Vitality Partnership

Please reserve a place by Thursday 30th April 2015 via our website
