COVID-19 coding on EMIS

EMIS have produced a list of SNOMED and EMIS codes for recording COVID-19 as requested by NHS Digital they are as follows;

Coronavirus Infection 186747009
Suspected Coronavirus infections 700217006
Coronavirus contact 702547000

EMIS codes
Confirmed 2019 - nCOV (Wuhan) infection 128022010000006101
Suspected 2019 - nCOV (Wuhan) infection 128021810000006102
Tested for 2019 - nCOV (Wuhan) infection 128021910000006104
Exposure to 2019 - nCOV (Wuhan) infection 128021710000006100
Excluded 2019 - nCOV (Wuhan) infection 128022110000006103

There is also a concept running that will pop up in the PINK box to alert you to a High Risk patients. They have also produced a clinical template you can use called COVID-19 (Wuhan novel coronavirus) which can be located in the EMIS Library this has all the above codes in it.

EMIS have produced a search which can be located as below,

- Population Reporting
- EMIS Library
- SNOMED
- EMIS Clinical Utilities
- COVID-19 patient management
