

Collaborative Learning in Practice (CLiP) Primary Care Network (PCN) Project

We are inviting expressions of interest from PCNs
to be involved in the project

Timescales:

Expressions of interest from PCNs	By 11th September 2020
Confirm PCN pilot sites	By 18 th September 2020
Preparation for CLiP pilots	Sept – December 2020
Placements commence	From Jan 2021

Two workshops are being held for interested pilot sites:
25th August 10am OR 1st September 2pm

Please contact: jane.bunce@hee.nhs.uk to book on
to a workshop / submit your expression of interest

What will pilot involve?

- ✓ To pilot CLiP in 1-2 PCNs per STP/ICS region
- ✓ PCNs to work collaboratively with their Training Hub (TH) and one or two of the following Universities:
 - University of Plymouth
 - University of Bolton
 - University of Exeter
 - Bournemouth University
 - University West of England

How many students will we need to take across our PCN?

- ✓ To be discussed but in region of 4-8

What support will there be?

- ✓ The project will be run in collaboration with THs and Universities and your PCN will be supported through staff training and preparation

What are the main aims of the project?

- ✓ Expand capacity across PCNs
- ✓ Raise quality of the learning environment
- ✓ Promote general practice nursing careers
- ✓ Consider how model transferable to other professions
- ✓ Research output / Share learning / case studies
