Notification of change to sending email address

To whom it may concern,

Practice Plus Group currently sends emails from CareUKUC.Updates@NHS.net for information such as post event messaging, discharge summaries, email DoS referrals, and automated email referrals etc.

From Tuesday 21st September 2021, this email address will be replaced by UrgentCare.Updates@nhs.net.

This will not affect the content you already receive, however may mean that you need to make some amendments to your mailbox, and any rules set up on your systems.

Contact your local IT team if you have any queries.

Yours faithfully,

Practice Plus Group
