## Comment

Significant pressure still showing in  
General Practice due to staff shortages,  
sickness and patient demand.

## A quick guide to the GPAS states

Black

Practice will fail within one month. Urgent system intervention required

Red

Sustainable in the short term. Needs system support

Amber

Sustainable in the medium term 6 months max). Probably needs system support

Green

Fully sustainable

### A selection of comments from our Practices

had only one GP on site as duty, as had GP sickness, but had two Paramedics with him. Knock on effect of cancelled routine appointments.

Moving to Total Triage in January, have commenced the GPIP to assist with current challenges

GP on leave and locum NP, covering is off sick.  
Very low on appointments
