5 July 2017

Dear Colleague

2017/2018 Enhanced Service for the Availability of Specialist Medicines

A number of pharmacies across the South West are providing the 2017/2018 Enhanced Service for the Availability of Specialist Medicines. A list of these pharmacies, and their opening hours, is attached to this letter.

By agreeing to provide the Specialist Medicines Enhanced Service the participating pharmacies are required to ensure that the medicines on the attached list are available at all times during their contracted opening hours and on any bank or public holidays on which they open.

The list is a basic list of medication designed to meet the urgent needs of patients and is not a substitute for forward planning in end of life care. In an urgent situation we would suggest that the prescriber contacts their nearest participating pharmacy and writes a prescription knowing what they have in stock.

If you become aware of any problems experienced by patients or healthcare professions obtaining any of the listed medicines, or have any comments about the service, I would be grateful if you could contact me via england.pharmacysouthwest@nhs.net

Yours faithfully

Sarah Lillington
Primary Care Commissioning Support
