

Guide for Installing Rego for Teledermatology

Installing Rego for Teledermatology

Before proceeding with installing Rego you need to ensure the template has been entered into your patient record system EMIS or System One. Here at Vantage we are able to do that for you, if you call us we will schedule an appointment to dial into one PC, we will need admin rights at the practice to do so, and will input the template letter. You will then need to follow the steps below on every PC you wish to access Rego from.

Step 1: Enter the web address: vantagedx.com/regosupport1

Step 2: Select 'Rego' under installer on the webpage
